ANOTHER GERMAN AIR ATTACK

ZEPPELINS AGAIN INVADE ENGLAND

Little is Known Yet of the Extent of Damage Done by Aerial Attack.

TEN SUBMARINE ATTACKS

Austro-German Forces Continue to Push Forward toward City of Lemberg.

LONDON, June 5.—Another German air raid on the coast of England last night coupled with the usual week end activities of German submarines are the war developments of the last twelve hours, which are today holding public attention.

Discussion of the fall of Przemyśl has been laid aside for matters nearer home. Little is known yet of the extent of the aerial attack but it does not seem to have done much damage or been costly in lives. German submarines have been very busy during the last few days in the North sea and in the Bristol channel. Ten vessels have been attacked in the last three days without loss of life except in the case of the trawler, Victoria, four members of the crew of this boat and a boy passenger having fallen victims to shells fired by the attacking submarine.

The biggest capture of the Germans was the 5,000 ton Liverpool steamer, Incun. Another important victim was the Carin liner, Iona, erroneously reported at first as the Willson line steamer of the same name. The other ships sent to the bottom by the Germans include in addition to several trawlers, four neutral ships, two Danish, one Norwegian, and one Swedish.

The Austro-German forces have pushed their salient as far as Puklia which is some distance northeast of Przemyśl. Notwithstanding the evacuation of this fortress the Russians have maintained an unbroken fighting front on both sides of the railroad at Lemberg. Thus far the Austrians and Germans apparently have made little progress since the fall of Przemyśl although an Austrian official report states that the Russians have been driven east to the vicinity of Medyka. British and French reports indicate hard fighting on the western front without much progress for either side. The Belgian frontier has again been closed for traffic. This tends to confirm reports that the Germans are moving heavy reinforcements to their positions along the Yser canal.

CAPTURE OF REFINERY IS VIVIDLY DESCRIBED

PARIS, June 5.—The capture by the French of the sugar refinery near Souchez, is described in a report given out today by the official report given at the front. This is what it says:

"Violent attacks on the part of the French from both the west and the south, were met by a fire of the German batteries and machine guns located north of the refinery. The Germans resisted for some time, but finally were demoralized by the French artillery fire and withdrew. The basement of the factory was found to be filled with German dead, while the French losses were slight. Furious attacks having lost the position, which would serve as a base for counter attacks on Ablain, virtually all of which is in possession of the French, the Germans made a desperate effort to regain it. Amid destroyed walls and great holes in the ground, made by large shells the Germans began their attack at midnight. In this rapid and confused engagement, the French were obliged to withdraw, but a watchful French major prepared rapidly for a counter attack. The French company, which had momentarily yielded later pushed forward, aided by reinforcements and an intense artillery fire, under which the Germans feared their retreat would be cut off.

When the French counter attack had attained the refinery it was found that the Germans already had withdrawn and the position was promptly organized by the French. During this work a non-commissioned officer remained for eight hours at his post directing his men and this in spite of the fact that he had a splinter from a shell in his thigh. In a period of three weeks nearly 3,000 Germans have been buried and more than 3,000 have been taken prisoners by the same French regiments."

GERMANS REPULSED WITH HEAVY LOSSES

PARIS, June 5.—The French war office today issued the following statement:

"The enemy delivered last night three violent counter attacks against the sugar refinery of Souchez and the trenches to the north and to the south of this position. They were repulsed and in their first effort particularly they suffered very heavy losses. We remained masters of every one of the positions conquered by us. Last night also we took possession of a German position to the northwest of the road side inn known as the Cabaret Rouge, two-thirds of a mile south of Souchez. There was great activity last night

on the part of the artillery in the entire sector to the north of Arras."

EMPEROR WILLIAM IS EXCEEDINGLY HAPPY

BERLIN, via London, June 5.—Emperor William arrived at the headquarters of Field Marshal Archduke Frederick, the Austrian commander in chief, yesterday to take part in the celebration of the archduke's birthday. The visit was made the occasion of rejoicing at the fall of Przemyśl.

Emperor William was greeted everywhere by wildly enthusiastic crowds. The emperor is holding a series of audiences with leaders of the opposition party of Hungary. The formation of a coalition ministry has been considered.

MORE BOMBS DROPPED ON COASTS OF ENGLAND

LONDON, June 5.—Hostile airships dropped bombs on the east and south-east coasts of England last night. Little damage was done and the casualties apparently were few. The bombs were thrown down at a number of different places which have not as yet been enumerated. This information is contained in an official statement given out today.

GRAND JURY

Returns More Indictments but Does Not Finish Work as Yet for the Term.

At noon Saturday the criminal court grand jury had not ended its work. At the morning session of the court indictments were returned as follows:

Felony—Leo L. Snodgrass, two cases for embezzlement of money from the express company; and Wesley Ferrell for killing Will Corbin.

Misdemeanor—Mike Debruski and Maxya Kevitoka, for living together unlawfully; M. S. Alkire and Cora Riley, for living together unlawfully; A. L. Mousie and John DeGriffin, for an assault on R. F. Davis, of Salem; and Mrs. Edna McLaughlin, for maintaining a house of bad repute.

C. E. Curry, a Mt. Clare merchant, pleaded guilty of selling cigars to a minor and was fined \$10 and costs.

ROAD CONTRACT

Is Awarded to Shinnston Contractors by the County Court at Special Term.

Before the county court ended its special term Friday evening the C. Frick Coke Company for the firming of 800 ovens in the Connellsville region. These ovens will be fired on Friday and Saturday of this week and early next week. The favorable steel corporation decision is said to have been the cause of the resumption. The Frick company now has 15,835 out of 19,224 ovens in blast in the region.

MORE OVENS FIRED.

CONNELLSVILLE, Pa., June 5.—Orders were issued today by the H. Frick Coke Company for the firing of 800 ovens in the Connellsville region. These ovens will be fired on Friday and Saturday of this week and early next week. The favorable steel corporation decision is said to have been the cause of the resumption. The Frick company now has 15,835 out of 19,224 ovens in blast in the region.

DR. BEDDOW TO SPEAK.

Doctor John Beddow, of Weston, has been secured by the Clarksburg Brotherhood to make the principal address Sunday afternoon. Dr. Beddow is one of the able ministers of the state and is an entertaining and instructive speaker. The men of the city should hear him.

PUT UNDER PEACE BOND.

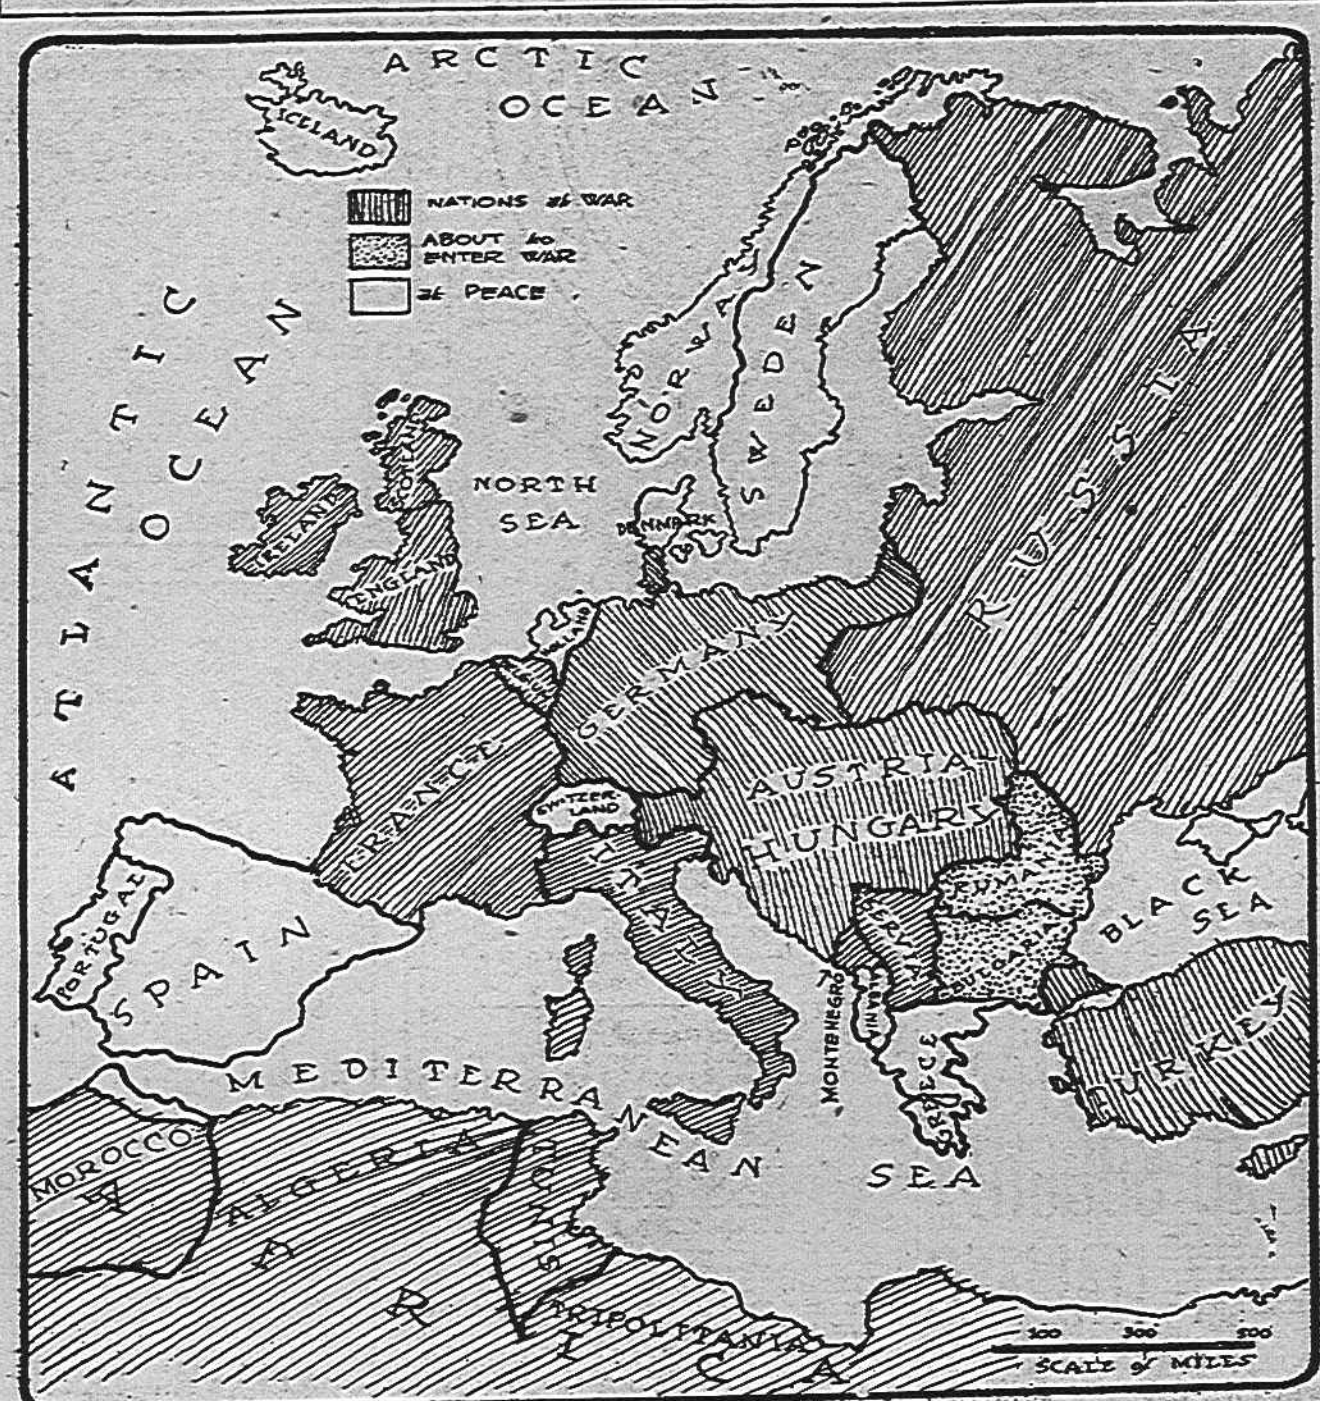

Mrs. Mary Nykita, of Grassell, was placed under a bond of \$100 to keep the peace for six months at the close of contending with angry words to W. E. Starcher's court under a charge of contending with angry words to disturb the peace and threatening to harm Esther Vanyi, a neighbor. She furnished the bond and was released.

FORFEITS BOND.

Extra Matheny who was arrested by city police Thursday night on a charge of being drunk and disorderly and breaking glass in the street, failed to appear in police court for his hearing Friday evening and his bond of \$6.50 was declared forfeited. Matheny secured his release from the city jail Friday afternoon upon posting the required bond.

Fishermen in Ireland who use a salmon rod and line must pay a license of \$5.

MORE NATIONS READY TO HELP FORGE 'IRON RING' ABOUT TEUTONS

Rumania and Bulgaria are said to be in readiness to enter the war and thus further strengthen the "iron ring" about the Teutonic nations. Their entrance into the war would make it ten countries against three. This includes Japan, which is not now taking an active part in the struggle.

ANTI-PEDDLER'S ORDINANCE IS UP BEFORE COUNCIL

At the Instance of the Business Men's League but Not for Final Action.

With the mayor, city clerk, all the councilmen except Ernst, the street superintendent, the city attorney, the city engineer and other officials present, the city council held a regular meeting Friday night. Considerable business was transacted, the most important of which being the first reading of a city ordinance aimed at hawkers and peddlers. It provides that a hawk or peddler must pay \$25 for a license and \$100 for every wagon he uses. The usual fines and terms of imprisonment are included for violators. The ordinance was introduced at the instance of the Business Men's League.

Further investigation is to be made of Metro Man's application for a building permit near the corner of West Pike and Sixth streets. The mayor was empowered to employ whenever occasion required two or more additional policemen. The clerk was directed to notify the traction company not to lay rails on the new Fourth street bridge or its approaches. All pool rooms out of the districts regularly policed were ordered to close at 11:30 o'clock at night and remain closed Sunday.

The Parsons-Souders Company's application for permission to erect a marquee in front of its store was referred to the building committee with power to act.

The action of the water and sewerage board in fixing the salary of its president at \$25 a month was confirmed. Ingram and Michotte were granted licenses for five pool tables and five bowling alleys on West Pike street.

A petition of Frank W. Kelley and J. F. Dye for curbing on Jefferson street and Virginia avenue was tabled, it being the sense of the council that no curbing be set at this time.

Charles J. Thomas was granted license for four pool tables at 304 Monticello avenue.

The council acted favorably on Mrs. Florence Pearman's petition for curb repair on South Chestnut street.

The Continental Register Company was given permission to erect and operate an electric display on the Manhattan building on West Pike street.

KURD BANDS YET MURDER

Although the Russians Occupy Some Parts of Turkish Armenia.

FIGHTING DESPERATELY

Are the Christians along with Armenian Volunteers to Save Their Own Lives.

TIFLIS, Trans-Caucasia, June 3.—via Petrograd and London, June 5.—After the occupation by the Russians of Van, Turkish Armenia, bands of Kurds continued to commit atrocities in the districts of Irbid, Much and Diarbokir.

Armenian volunteers, in increasing number, are fighting desperately to protect the Christian population from the Kurds. Inhabitants of Diarbokir, following the example of the Armenians in Van, have organized armed bands. The population in Urumiah in Persian Armenia, greeted the Russians with enthusiasm.

Food for the refugees in the American missions was brought by the Russians. The concentration by the Turks of military escorts on the Dardanelles has caused a shortage of arms and ammunition for their troops in the Caucasus. A portion of the artillery has been removed from the Turkish force at Ezerum, the principal city of Turkish Armenia.

HUNGRY MEXICANS

To the Number of 20,000 Are Reported as Already Fed in Monterey City.

WASHINGTON, June 5.—More than 200,000 hungry Mexicans already have been fed at Monterey from supplies arriving from the United States. More than 7,000 starving people were supplied with corn yesterday alone at the American hospital. Consul General Hanna made another appeal today for corn, beans and rice "to save the lives" of people, most of whom are not responsible for "the most awful condition."

SIGN DISAPPEARS.

LONDON, June 5.—The sign "Business as Usual," which appeared all over London at the beginning of the war has now vanished. It was deemed a patriotic manifestation of British pluck when hostilities began, but now it is seen to conflict with the popular state mind.

Ninety-tenths of the gold mining in Russia is done on crown-owned lands.

PRICES OF GLASS SHOULD BE FIRM

Remainder of the Year is the Present View of the Pittsburg Glassworker.

PITTSBURGH, June 5.—The Glassworker says:

The general window glass situation underwent slight if any change during the last week. Prices remain unaltered, and that they will be firm for the balance of the year. It is considered certain as anything mundane can be.

All hand operated window factories that had not previously closed down terminated their fires for the season last Saturday. Some of them are making cullet for a limited period, and extensive repairs have already been inaugurated in many of the plants, in some instances giving employment to the workers. But there will be no further production of window glass for four or five months at least. Whether the factories will resume in October, November or even December depends entirely upon the demand, domestic and foreign.

As far as can be seen now through the interposing veil, this demand should be healthy in the extreme. There is a substantial show of activity in building operations in New York and other eastern sections, and some western cities are beginning to best themselves in that respect. Certain it is that there will be no foreign-made window glass dumped into America during the next few months to compete with the native product.

When it is recalled that the stocks on hand are far lighter than a year ago there seems to be good reason for forecasting a complete emptying of warehouses during the summer, with a consequent strong demand for new supplies.

Whether any export trade in window glass develops remains to be seen. France is now considering extensive rebuilding operations in the cities damaged in the earlier months of the war and now cleared of the invading armies. They may turn to American manufacturers to supply the necessary glass. Again, they may not. But where they will get glass elsewhere in the existing state of the European glass industry, is an open question.

Marriage Licenses have been issued to Peter Yost Hite and Edna J. Keppler and William C. Brannon and Madge M. Carpenter.
